

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

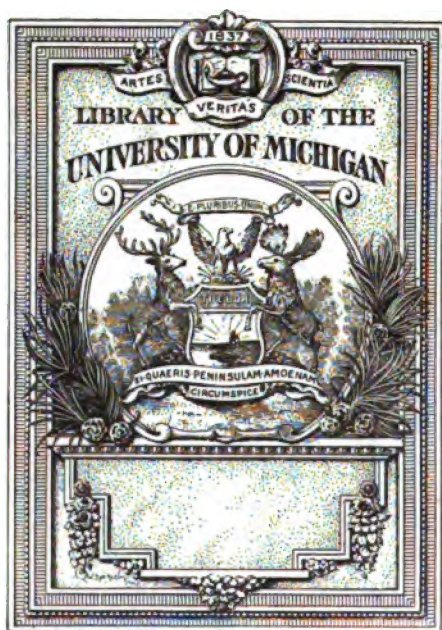

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

So the House refused to adopt the amendment of Mr. Parker; whereupon

The report of the committee was concurred in, and the bill

Ordered to be engrossed for a third reading.

By leave, Mr. Kerr presented the following protest, which was ordered to be entered upon the journal of the House:

PROTEST against the passage of House bill No. 373, in relation to a portion of the submerged lands and Lake Park grounds lying on and adjacent to the shore of Lake Michigan, on the eastern frontage of the city of Chicago.

We, the undersigned, Members of the House of Representatives of the 26th General Assembly of the State of Illinois, hereby enter our protest against the action of the House in the passage of the above entitled bill, because it proposes to cede away all the interest of the State of Illinois in property variously estimated at from ten to fifty millions of dollars in value, with no compensation to the State except seven per cent. of the gross earnings or income from the same, and without any condition or provision that the same shall ever be improved and made productive.

We protest against the passage of the measure because it practically closes the port of Chicago, which is the only harbor upon Lake Michigan in this State.

We protest against it because its effect will be to render the lake navigation of the State, and the entire Northwest, tributary to, and place it under the control of, a single railway corporation.

We protest against it because a great portion of the commerce of the world is destined to pass into and through this harbor, and will be compelled through all coming time to pay tribute to this railway corporation.

We protest against it because, by the passage of this act, the commerce and industry of our whole country will be encroached upon and damaged, believing, as we do, that such legislation is dangerous and unwarranted in either the State or National Legislature.

We protest against it because it violates the provisions of sections two and three of article nine of the constitution of the State of Illinois, in this: That the property granted is real estate, and is exempted forever from taxation by valuation, and that no property in this State, and in the counties thereof, can be exempted from taxation except for school, religious and charitable purposes.

We protest against it because it violates article eleven of the constitution of the State of Illinois, so far as the provisions of said act apply to or affect sections ten and fifteen, west of the tracks of the Illinois Central Railroad Company, in this: That it disposes of lands which have been granted as common property to the inhabitants of a municipal corporation, without the petition of a majority of its qualified voters, or any number of such voters.

We protest against it because it violates the sacred rights of private citizens, guaranteed to them by the obligation of solemn contracts.

We protest against it because of the haste with which said act has been pressed and passed, believing, as we do, that no measure involving the disposition of millions of dollars worth of the property of the people of this State, should ever be passed without a thorough discussion of the same through the press of the State, and before the people thereof.

The undersigned, members as aforesaid, thinking the above entitled act injurious to the public and to individuals, hereby desire, in accordance with the provisions of section fourteen of article three of the constitution of the State of Illinois, to have the above protest entered upon the journal of the House.

The report of the committee was concurred in, and the bill

Ordered to a third reading.

Mr. Cook of Sangamon submitted the following :

**WHEREAS**, The charge of corruption has been openly made (by the reporter of the Chicago Evening Journal, allowed, by courtesy, a place on the floor of the House of Representatives) against certain members of said House; therefore,

*Resolved*, That a committee of three be appointed to investigate said charges; and if the party making the said accusation shall fail to substantiate the same, he shall be immediately dismissed the House, and shall be disqualified from receiving any compensation for any and all services done and performed as an employee of the House of Representatives of any committee, and said reporter shall be suspended from all privileges of this Hall during said investigation.

A message from the Senate, by Mr. Boggs :

Mr. Speaker: I am directed to inform the House of Representatives that the Senate has concurred with them in the adoption of the following resolution, to-wit :

**WHEREAS**, Various reports are in circulation concerning supposed corruption of members of this General Assembly; which reports, if true, ought, in justice to the people of this State, to be established; and, if untrue, ought, in justice to the members of this General Assembly, to be refuted and disproved; therefore,

*Resolved by the House of Representatives, the Senate concurring herein*, That a committee of three on the part of the House and two on the part of the Senate, be appointed to investigate, ascertain, and report at the earliest practicable time, whether any improper influence, pecuniary or otherwise, has been used or offered directly or indirectly to any member of this General Assembly to induce them or any of them to vote for or against any bill, resolution or measure, pending or heretofore pending before this General Assembly.

*Resolved*, That said committee are hereby authorized to send for persons and papers, to administer oaths, employ a clerk and a short-hand reporter, and that said committee report to each house of this General Assembly the evidence which may be taken by them, together with their opinion thereon.

Senators Ward and Munn were appointed said committee on the part of the Senate.

Mr. Sickles moved that the resolution be referred to a select committee, for investigation.

Mr. Munson moved to lay that motion and the resolution on the table.

Mr. Corwin presented the following communication from the state house commissioners; which was,

On motion of Mr. Voris,

Referred to the committee on public buildings.

SPRINGFIELD, Feb. 22, 1869.

*To the Honorable House of Representatives of the Twenty-sixth General Assembly :*

There is a wide difference of opinion prevailing as to the probable cost of the new state house. But little opposition, if any, would be found to the prosecution of the work, if there was an absolute certainty that the cost would not exceed three million dollars, and very many have expressed a willingness to proceed, if they can be assured that four million dollars would be the extreme limit.

Some men—candid men—declare that it cannot be built for less than five million dollars; others, seven million dollars, and a few, ten million dollars; while others, with little sincerity, we think, place the cost as high as fifteen million dollars. Architects of some prominence and notoriety have estimated the cost at five and seven million dollars.

To put a quietus on this question, so far as these extravagant estimates of statements of costs are concerned, and thus relieve the minds of the public on that point, and this honorable legislature may determine the cost, we respectfully submit the following proposition:

We will enter into a contract with the State, and give security for its fulfillment, to furnish all the materials and erect the new state house according to the designs and specifications of John C. Cochrane, architect, now in the office of the State House Commissioners, and finish the same in the most complete and substantial manner, from the foundation to the apex of the dome, for the sum of four million dollars, including the amount that has already been expended, and to prosecute the work so vigorously that the building may be ready for occupancy by the State officers and the General Assembly by the first day of January, A. D. 1874: *Provided*, That timely and sufficient appropriations are made for that purpose: *And provided further*, That such timely and sufficient appropriations are made that the

entire building may be completed by the first day of January, 1877. Payments to be made on monthly estimates during the progress of the work.

The details of the contract, manner of making monthly estimates and of payments, and the general superintendence of the work, on the part of the State, to be arranged with the General Assembly or with a joint committee thereof, or commissioners appointed for that purpose, or in such manner as this honorable Legislature may adopt.

Mr. Kerr submitted the following preamble and resolutions:

WHEREAS, Efforts are being made in certain quarters to secure a return to the old penitentiary lease system; and whereas, numerous petitions have been presented to this General Assembly, asking for an equitable distribution of the various mechanical trades in the State Prison; therefore, be it

*Resolved by the House of Representatives of the State of Illinois, the Senate concurring herein,* That the old lease system, by which the convicts in the State Prison were let out to contractors, whose sole aim was to secure profit to themselves, without regard to the physical comfort or moral improvement of the convicts, is hereby condemned, and we will resist all attempts to return to that barbarous system, from whatever source they may come.

*Resolved,* That the efforts of the Prison Commissioners to secure as far as practicable an equitable distribution of the labor of the prison among the various mechanical trades, meets with our hearty approval, and that the General Assembly will encourage a still greater effort in this direction, to the end that no class of mechanics will have reason to complain of unjust or unreasonable competition.

Mr. Voris moved to refer the said resolution to the committee on penitentiary.

Message to the House:

Mr. Speaker: I am directed by the Governor to return to the House of Representatives, in which it originated, House bill No. 449, together with his objections to the same becoming a law.

EXECUTIVE DEPARTMENT,  
SPRINGFIELD, ILLINOIS, Feb. 25, 1869.

*To the Honorable Speaker of the House of Representatives :*

I have the honor to return to the House of Representatives, in which it originated, a bill for "An act to amend the charter of the village of Lockport," passed Feb. 12, 1853, without my signature, and with my objections thereto.

I object to so much of the first section of the bill as proposes to authorize the president and trustees of the village of Lockport to "suppress hackmen, draymen, carters, porters, omnibus drivers, cabmen, carmen, and all others who may pursue like occupations."

The occupations above specified are useful and lawful, and it is neither constitutional nor judicious that any municipal corporation should possess the power to suppress them.

The fifth section of the bill gives to the police magistrate, and all justices of the peace of said village, a very large and ill-defined jurisdiction. It is a question of policy, of course, which belongs to the General Assembly, whether the jurisdiction of this class of officers should be uniform throughout the State, but the provisions of this bill, that such officers in this village shall have jurisdiction to the amount of five hundred dollars, with authority to send their process to all parts of the county of Will, is dangerous and without precedent.

The jurisdiction of the police magistrate and justices of the peace of the village of Lockport is increased to five hundred dollars, in suits for penalties for the violation of the village ordinances, and the proviso to the said section takes away the right of appeal from their judgments in this class of cases.

I am unwilling to consent, by my official approval of this bill, that the rights of any portion of the people of the State shall be held by the

uncertain tenure of the uncontrolled and uncontrollable judgment of a police magistrate or justices of the peace.

JOHN M. PALMER.

On motion of Mr. Parker,

House bills Nos. 24 and 44 were made the special order for Friday morning, immediately after the reading of the journal.

On motion of Mr. Palmer,

The House, at 12 o'clock and 40 minutes, adjourned until 2 o'clock and 30 minutes this P. M.

HALF-PAST TWO O'CLOCK P. M.

Mr. Frew, from the joint committee on enrolled and engrossed bills, begs leave to report that the following bills have been correctly engrossed, to-wit:

The committee on printing submitted the following report and accompanying resolution:

The Committee on Printing beg leave to report: That they have carefully examined the existing contract for furnishing paper, between the State and George W. Chatterton.

That it appears from the evidence in the case, that the advertisement published by the Secretary of State, inviting bids for paper, was defective in not giving specifications required by law.

That the award of the contract to said George W. Chatterton was illegal, in this, that although the law manifestly requires that the award shall be public, and be made at the opening of the bids, in presence of the Auditor and Treasurer, yet the Secretary of State did, in fact, take

time, and made his award privately, after some days, and not in the presence of the Auditor and Treasurer, nor of the bidders.

That it appears the bona fide bids for paper, entirely satisfactory in quality, and from persons of acknowledged standing in business, were on file, and opened and read, at sums very much below the bid of George W. Chatterton.

That the contract price for the paper, as awarded to Chatterton, was ten dollars and eighty-eight cents (\$10 88) per ream.

That such paper as is now in the hands of the Secretary of State, delivered under said contract, is, and was then, worth only from \$7 20 to \$7 50 per ream, according to the testimony of persons who have long been engaged in the manufacture and sale of paper.

That the paper delivered by Chatterton, under this contract, is greatly inferior in quality to the sample submitted with his bid.

That one of the bidders, a dealer in paper, offered to furnish paper, by his bid, at \$7 20 per ream, which paper conformed to the quality and requisitions made in the advertisements for proposals.

That, estimating the probable amount of paper that will be required under this contract, the difference in the cost of the same to the State, under the existing contract and the lowest responsible bid heretofore mentioned, would amount to at least \$14,000.

Your committee can have no doubt that the awarding of the contracts to the said George W. Chatterton, under the facts proven in this case, is a gross wrong upon the State, and has all the elements which warrant the State in annulling the contract.

Your committee recommend the adoption of the joint resolution herewith submitted.

E. H. TALBOTT, *Chairman.*

H. B. MILLER.

FRANCIS MUNSON.

ANSEL B. COOK.

JAMES DINSMOOR.

ALEX. ROSS.

JOHN W. ROSS.

JAMES E. DOWNING.

*Resolved, by the House of Representatives of the State of Illinois, the Senate concurring herein,* That the contract for furnishing paper, entered into between Sharon Tyndale, Secretary of State, and George W. Chatterton, and bearing date the third day of November, 1868, be, and the same is hereby, declared null and void, and that the present Secretary of State be, and he is hereby, directed and required to enter into contract for paper with the lowest responsible bidder whose bid was presented and on file at the time of the awarding of said contract to said George W. Chatterton.

*And be it further resolved,* That the Secretary of State certify the accounts of said George W. Chatterton, for paper already actually delivered at the State House, and none other, at the rate of \$7 20 per ream, and no more, and that the Auditor settle said accounts on that basis, and no other.

On motion of Mr. Woodson,

The said resolution was referred to the committee on judiciary.

A message from the Senate, by Mr. Paddock:

Mr. Speaker: I am directed to inform the House of Representatives that the Senate has passed a bill of the following title, to-wit:

Senate bill, No. 572, for "An act to amend the several acts incorporating the Peoria, Pekin and Jacksonville Railroad Company."

In the passage of which I am instructed to ask the concurrence of the House of Representatives.

A message from the Senate, by Mr. Paddock :

Mr. Speaker : I am directed to inform the House of Representatives that the Senate has adopted the following resolution, to-wit :

WHEREAS, the Congress of the United States, several years ago, designated the city of Chicago as a port of entry; and whereas, a bill has already passed the House of Representatives, and is now pending in the United States Senate, making the cities of St. Louis and Cincinnati ports of entry, and providing for the transshipment of imported merchandise direct from the vessel to cars or boats, on lines of interior transportation, under bond and transportation entry to the said cities of Chicago, St. Louis and Cincinnati, therefore,

*Resolved by the Illinois Senate, the House concurring,* That our Senators in Congress be instructed to use their best exertions to secure the passage of the said bill, or to accomplish the objects therein sought.

In the passage of which I am instructed to ask the concurrence of the House of Representatives.

Mr. Frew, from the joint committee on enrolled and engrossed bills, begs leave to report that the bills of the following titles have been, on this 26th day of February, 1869, laid before the Governor for his approval, viz :

House bill, No. 31, for "An act to legalize certain aids heretofore voted and granted to aid in the construction of the Chicago, Danville and Vincennes Railroad."

House bill, No. 1030, for "An act to amend the charter of the city of Chicago, to create a Board of Park Commissioners, and to authorize a tax in the town of West Chicago, and for other purposes."

Mr. Frew, from the committee on enrolled and engrossed bills, begs leave to report that the following bills have been correctly engrossed, to-wit :

House bill, No. 545, for "An act to provide for interest upon judgments."

House bill, No. 557, for "An act to provide for constructing a levee on the Okaw or Kaskaskia river, in Clinton county, and for other purposes."

House bill, No. 741, for "An act to incorporate the Alexian Brothers of Chicago."

House bill, No. 802, for "An act restoring to citizenship J. R. Steele, of Chicago."

House bill, No. 806, for "An act to incorporate the town of Bowensburg, in the county of Hancock, and State of Illinois."

House bill, No. 57, for "An act to amend an act entitled 'an act to incorporate the Gardner Coal Company,' approved Feb. 22, 1867."

House bill, No. 293, for "An act in relation to the duties of the trustees of schools in township 36, of range 14 east of the 3d principal meridian, in the county of Cook."

House bill, No. 333, for "An act to regulate the sales by guardians of the interests of minors in water power and real estate connected therewith."

House bill, No. 348, for "An act to provide for the permanent survey of lands."

House bill, No. 376, for "An act to incorporate the Bennett College of Eclectic Medicine and Surgery."

Whereupon the House resolved itself into a committee of the whole (Mr. Saltonstall in the chair) for the consideration of House bill, No. 1487, for "An act to appropriate money for the erection of the new State House, and for other purposes," and, after some time spent therein, the committee rose, reported progress, and asked leave to sit again.

Mr. Childs moved that the further consideration of the bill be postponed until 2 o'clock and 30 minutes, Saturday next.

Mr. Reynolds moved to amend by substituting Monday next for Saturday next, in Mr. Childs' motion.

Mr. Childs moved to lay the amendment of Mr. Reynolds on the table.

And the question being "Will the House agree thereto?"

On motion of Mr. Childs,

The House, at 5 o'clock and 40 minutes, adjourned until 10 o'clock A.M., on Monday next.

MONDAY, MARCH 1, 1869.

Prayer by the Rev. Mr. Wines.

The journal of Saturday was being read, when,

On motion of Mr. Reynolds,

The further reading of the same was dispensed with.

Mr. Reynolds, by leave, submitted the following resolution :

WHEREAS, the heroism, endurance and suffering of the Illinois volunteer soldiers in the late war, entitled them to the lasting gratitude of this State; and whereas, many of them have lost their discharge papers through claim agents and otherwise, and have in their homes no evidence of their services; therefore, be it

*Resolved by the House of Representatives, the Senate concurring herein*, That the Governor be and he is hereby authorized and required to prepare and present to each volunteer soldier from this State, honorably discharged, a suitable testimonial or diploma, setting forth that the party to whom it shall be presented served as a volunteer soldier in the forces from this State in the late war.

On whose motion, was referred to the committee on militia.

The Speaker, by leave, presented a memorial with reference to the purchase of Paschall's Annotated Constitution; which was

Referred to the committee on finance.

Mr. Dinsmoor, by leave, submitted the following resolution :

*Resolved by the House of Representatives, the Senate concurring herein* : That each member of the Senate and House and the Speaker of the Senate be provided with one bound copy of either the session issue of the State Journal or State Register, as he may elect, to be bound at the close of the session; and that the Secretary of State be required to forward said copy to the address of each person entitled to receive the same within three months from the close of the session, by express, paying all charges incurred by expressing the same.

Mr. Talbott moved to amend by adding :

*Provided*, that the Secretary of State shall not pay a greater rate for expressage than is charged for packages.

Mr. Green moved to refer the whole subject to the committee on finance.

Upon that motion, Mr. Gale moved the previous question, which was agreed to, and the whole subject was

Referred to the committee on finance.

On motion of Mr. Woodson,

House bill, No. 1487, was made the special order for 2 o'clock and 30 minutes this P. M.

Reports of standing committees being in order,

Mr. Whiting, from the committee on internal improvements, to which was referred House bill, No. 1421, for "An act to aid in the improvement of the Little Wabash river," reported the same back, with a substitute therefor of same title, and recommended the passage of the substitute.

The report of the committee was concurred in, the substitute read a first time, and

Ordered to a second reading.

On motion of Mr. Whiting,

The rule was dispensed with, the substitute read a second time, and,

On motion of Mr. Childs,

The substitute was laid upon the table, ordered to be printed and made the special order of 10 o'clock A.M. to-morrow.

Mr. Frew, from the committee on enrolled and engrossed bills, begs leave to report that the following bills have been correctly engrossed, to-wit :

Mr. Cook of Sangamon made the following report :

*To the Honorable, the House of Representatives :*

The committee on public buildings desire to make the following report :

We assumed, in the first place, that the new State House had become one of the institutions of the State, established by and erected under the law made and provided in the case; hence, without entering into any discussion as to the propriety of its location, or the merits of the law, we went directly to what seemed to be our duty, viz: to examine the work already done and the books of the commissioners, to receive the report of the commissioners and of the architects and superintendent, and finally to devise and suggest to the House what seemed to us to be the most feasible plan for continuing its construction. As preliminary, we might say that the plan of the new State House was almost unanimously adopted by a majority of the committee of both houses and of the board of commissioners appointed by the last General Assembly, which met in the Senate Chamber on the 15th day of July, 1867, pursuant to a call for that purpose. The plan is a beautiful and architectural design, capacious, looking to the future wants and greatness of the State, and from the limited inspection your committee has been able to make, we should judge commodious, well arranged, and adapted to the practical

uses for which it is intended. While the commissioners have had an eye to beauty and unity of design, they have not lost sight of nor sacrificed convenience, comfort, utility, safety and solidity. The offices of the different departments of the State government, the halls for the Houses of the Legislature, and the rooms for their officers and committees, are all conveniently arranged as to each other, and will be roomy, well lighted, and will present an airy and comfortable appearance. Ample provision has been made for the committee rooms, a want of which has long been and is now most seriously felt. In the examination of the work already done, the committee was not at first favorably impressed with the quality of the stone used in the foundation, but from the abundant testimony presented as to its excellence for that class of masonry, we are satisfied that the selection was well made. Although the strict letter of the contract with Messrs. R. W. McClaughry & Co. was not complied with as to the dimensions of the stone, there was no such deviation as to affect the quality of the foundation, nor very materially the interests of the State. Full information in regard to the contracts for stone was furnished the House in a report made some time ago by the commissioners. There is not such a compliance with the specifications accompanying the contract as to silence all objections. It must be remembered, however, that during the pendency of the suit (concerning which we refer you to notice thereof on page five of commissioners' report to the Governor) the board remained inactive, and the decision of the supreme court came so late in the season that no work was accomplished the first year, crowding the whole labor of two years into one. Still there is but one opinion as to the quality of the work. The conclusion arrived at by the committee cannot better be expressed than by the language of the architects, Messrs. Boyington of Chicago and Barnett of St. Louis, in their communication to the commissioners, a copy of which is submitted herewith. They say: "In our opinion the architects have been over-cautious in preparing the specifications for said foundations, so much so that it is hardly practicable to execute them to the letter, but substantially the foundations have been put in so as to cover the requirements of the contract, and we have no hesitation in giving it as our opinion that the foundations are of a very superior character, substantially and scientifically constructed, and capable of supporting a much larger superstructure than you propose to erect upon it, with perfect safety." As the reports of the commissioners and of the architects and superintendent have been laid before the House, it will be unnecessary for the committee to refer further to them than this, that the statement of expenditures submitted by them is a frank and open exhibition of their financial operations, in which they have fully and satisfactorily accounted for the funds placed under their control. Your committee have compared the statement with the books, bills and vouchers in the office, and find the same correct. The books, accounts and records of their proceedings are plain, neatly kept, readily understood, and easy of reference. The commissioners have at all times shown a willingness to render any information required, and have placed everything in their office at our disposal, and we have no hesitation in saying that, under all circumstances, they have acted generally wisely, and always with the strictest integrity and fidelity, proving themselves to be faithful servants of the State; yet coinciding with the prevailing opinion that it is advisable to reduce the number of commissioners, and to place on the board two persons of thorough practical experience, we have, through our chairman, presented a bill with provisions to this effect, retaining three members, viz: Jacob Bunn, James H. Beveridge and James C. Robinson, of the board, so as to have the benefit of their experience already acquired on the work, and asking that the Governor shall appoint other two practical persons, as designated in the bill. In this bill we have made no material alteration in the provisions of the law of 1867, except in section three of the bill introduced. This provides that contracts requiring an expenditure not exceeding \$3,000 may be made without advertising for bids and proposals, if the board so choose, instead of \$500, as in the act of 1867, a scope necessary and requisite upon so great an undertaking, and that all bids and proposals shall be accompanied with sufficient guarantees for the performance of the same, a provision which the committee deem to be of great importance, definitely deciding the cost of the work as it progresses, and thus protecting the interest of the State. The committee do not consider it necessary to enter into a detailed statement of the expenditures upon the work so far as the same is contained in full in the report of the commissioners

A message from the Senate, by Mr. Boggs:

Mr. Speaker: I am directed to inform the House of Representatives that the Senate has passed a bill of the following title, to-wit:

Senate bill, No. 495, for "An act concerning railroad rates for the conveyance of passengers and freights in the State of Illinois."

In the passage of which I am instructed to ask the concurrence of the House of Representatives.

Mr. Dinsmoor submitted the following amendment to the substitute:

Amend by striking out section 2, and insert as follows:

"The Governor is hereby required to appoint, on or before the first day of May, 1869, five discreet persons, citizens of the State of Illinois, one of whom shall be a master mechanic and builder and one a practical architect; and the same, when appointed, shall be and are hereby constituted a Board of State House Commissioners, with all the powers and privileges and subject to all the restrictions and penalties provided by an act entitled "An act for the erection of a new State House," approved February 26th, 1867, and an act entitled "An act supplemental to an act to provide for the erection of a new State House," approved February 27, 1867—with power to appoint one of their number secretary, and such clerks and accountants as they may deem necessary."

On motion of Mr. Burnett,

The previous question was ordered on the adoption of the amendment proposed by Mr. Dinsmoor.

And the question being, "Will the House agree to the amendment of Mr. Dinsmoor to the substitute?"

Mr. Scroggs, from the committee on geological survey, submitted the following report, which, upon his motion, was spread upon the journal of the House:

*To His Excellency, RICHARD J. OGLESBY, Governor of Illinois:*

SIR: It becomes my duty, as State Geologist, to submit to you at this time a brief report of the progress of the geological survey of the State for the past two years.

At the last session of the General Assembly, a special appropriation of ten thousand dollars per annum, for two years, was made for the purpose of completing the field work of the survey, and as soon as possible thereafter, I organized a strong corps of field assistants, consisting of the following named gentlemen: James Shaw, Esq., of Mount Carroll; Henry M. Bannister, of Evanston; Capt. H. C. Freeman, of Union county; Frank H. Bradley, of New Haven, Conn.; and E. T. Fox, of New Harmony, Ind. A separate field of labor, embracing several counties, was assigned to each, and they all continued their labors uninterruptedly to the end of the season, and a large area of the State was thoroughly explored.

During the winter months, Messrs. Bannister and Bradley were employed a portion of the time in selecting and labeling duplicate specimens from the State cabinet, for the use of the different collegiate institutions of the State, in accordance with the organic act establishing the survey; and thirteen colleges and academies were furnished with a collection, embracing as large and complete a series of the fossils, minerals and rock specimens as could be made out.

On the opening of spring, all the above named assistants resumed their labors in the field, and at this time I increased the force of field assistants by employing for the season Mr. H. A. Green, of New Jersey, and Mr. G. C. Broadhead, of Missouri, and this large force was continued in the field up to the end of the season, or until each had completed the survey of the territory especially assigned to him.

All the counties in the State have now been examined, and the reports of the several assistants are now being prepared for publication and will shortly be submitted in due form.

There remains unexpended, of the special appropriation above named, about five hundred dollars, which, with the annual appropriation, will be sufficient to defray the expense of any local examinations that may hereafter be required, as well as the current expenses of the survey, until the complete results can be placed in an available form in the hands of the people; and no further especial appropriation will be required, except to defray the expense for drawing and engraving the plates to illustrate the succeeding volumes of the report.

The collections made during the past two years are of great value and exceedingly interesting, and we hope to be able to place the scientific and practical results thus accumulated in the hands of the people with as little delay as possible.

Provision was also made by the last General Assembly for the publication of the third volume of the Geological Report, and, as soon as practicable after the adjournment of the Legislature, a contract was entered into with the Western Engraving Company of Chicago to engrave the plates prepared to illustrate this volume. These plates were all engraved on steel, in a manner highly creditable to the artistic skill of the engravers, and the volume, after some unavoidable delays, from various causes, is now in print, and has been distributed to the members of the 24th and 25th General Assemblies, in accordance with the joint resolution providing for the distribution of this and the two preceding volumes.

There are now remaining in my hands eighty-seven (87) copies of the three volumes of the report now published, that belong to members of the 24th General Assembly and have not been called for. In some cases, the parties who are entitled to receive and distribute them are deceased; in others, they have removed from the State; and it is desirable that some provision should be made by the proper authorities for their distribution; and as they comprise nearly all of these three volumes that are now undisposed of, it is very desirable that they should go into the hands of those who can use and appreciate them.

The plates for the fourth volume of the report are now ready for the engravers, and the volume will be ready for publication as soon as the engraving can be done. It will devolve upon the 26th General Assembly to provide for the publication of this volume, by appropriating such an amount as will be necessary to defray the expense of engraving the plates and providing for the purchase of paper suitable for this purpose, and equal in quality to that used in the first and second volumes.

As nearly as I can judge, from the reports of my assistants, now in my hands, we shall have the matter for about three volumes more, of the same size and general plan as the third volume, just published; and it seems to me desirable that the material accumulated during the last two years, both economical and scientific, should be worked up in the most thorough manner, so that, when all the results of the Geological Survey shall, in due time, be placed before the public, Illinois shall have the honor of having completed this great work in a manner that will redound to her credit throughout the civilized world, or wherever science is known and revered, thus making her the worthy compeer of any of her elder sister states in the liberal and enlightened policy in which this scientific work has been conceived and accomplished.

With sentiments of profound respect,

I remain your obedient servant,

A. H. WORTHEN.

On motion of Mr. Bailey,

The rules were suspended for the purpose of allowing the committee on judiciary to report back a resolution concerning the Chatterton contract.

*Resolved, by the House of Representatives of the State of Illinois, the Senate concurring herein,* That the contract for furnishing paper, entered into between Sharon Tyndale, late Secretary of State, and George W. Chatterton, and bearing date the third day of December, 1868, be and the same is hereby declared null and void; and that the present Secretary of State be and he is hereby directed and required to enter into contract for paper with the lowest responsible bidder whose bid was presented and on file at the time of the awarding of said contract to said George W. Chatterton.

*And be it further resolved,* That the said Secretary of State certify the accounts of said George W. Chatterton for paper already actually delivered at the State House, and none other, at the rate of \$7 20 per ream, and no more, and that the Auditor settle said accounts on that basis, and no other.

Mr. Bailey moved the adoption of the resolution, and on that motion demanded the previous question.

The previous question was then ordered.

Mr. Taylor, at 12 o'clock and 55 minutes, moved to adjourn; which was disagreed to.

Mr. Sickles, from the committee on militia, reported the following joint resolution, which was adopted :

*To the honorable members of the House of Representatives of the State of Illinois :*

Your committee on militia, after carefully examining the State Arsenal for the purpose of ascertaining the feasibility of converting a portion of its room to the uses of Adjutant General's office, and the storage and safe keeping of our old battle flags and all other property, including books and papers now in the office of the Adjutant General, or may properly belong thereto, beg leave to report that, in our opinion, the arsenal building can readily be arranged to accommodate the entire business of the Adjutant General, without any essential inconvenience to the ordnance department.

Your committee would therefore recommend that immediate steps be taken to fit up and prepare such rooms in the State Arsenal as may be needed for the uses contemplated: *Provided*, no expenditure for the fitting up of such rooms shall exceed the sum of twelve hundred dollars; therefore,

*Resolved by the House of Representatives, the Senate concurring herein, That the Governor of the State be and he is hereby authorized and directed to cause the immediate fitting up and preparation of rooms in the State Arsenal for the Adjutant-General's office, and for the safe keeping of all property of the State, or of the United States, in charge of such Adjutant-General; that all such property shall be removed to the Arsenal on or before the first day of June, 1869, and that after the first day of June, 1869, the State shall not be liable for any rent for rooms, building or office for said Adjutant-General.*

House bill, No. 666, for "An act to fix the times of holding the courts in the tenth judicial circuit."

House bill, No. 685, for "An act to prevent domestic animals from running at large in the counties of Randolph, Perry and Washington."

Mr. Bond, from the committee on judiciary, to whom was referred House bill, No. 768, for "An act for the relief of the inhabitants of Macoupin county, State of Illinois;" also, Senate bill, No. 676, for "An act to legalize certain acts of the county court of Macoupin county, and to enable it to complete a court house in said county," reported the same back, with the following report:

*To the Honorable House of Representatives of the Twenty-sixth General Assembly:*

Your committee on judiciary, to whom was referred House bills, Nos. 768 and 1242; also, Senate bill, No. 676, together with sundry petitions, remonstrances, etc., all relating to the county of Macoupin, having had the same under advisement, would report, that after taking some testimony and hearing able arguments, we find the facts to be substantially as follows:

An act approved February 18, 1867, authorized said county to issue bonds to the amount of \$50,000 to construct a court house in said county, upon a particular lot therein named.

That soon thereafter a court house and jail were commenced, additional grounds purchased, and bonds to the amount of \$49,000, under said act.

That at the time of commencing, it was anticipated that the court house would not exceed in cost \$200,000.

Additional adjoining grounds were purchased, and the building commenced, as well as a jail.

The contracts were let and the construction undertaken under the general law.

The provisions of the general law, in brief, are, that by sections 34 and 35, of chapter 27, it is made the duty of the county court, whenever, in its opinion, the means of the county will justify it, to erect court houses and jails; and it is authorized to make, from time to time, the necessary contracts therefor. By section 17, the court is authorized to appoint agents to make the contracts on behalf of the county, and by the powers conferred in section 36, the court is authorized to purchase lots or lands.

It appears that the construction of the building was commenced under the general law, and the court issued the bonds authorized by the special act in aid. As by that, agents or commissioners were appointed, by whom the contracts were let and under whom the work progressed. Under the full and ample provisions of this law (chapter 27, Revised Statutes), there can be no reasonable doubt as to the legality of the contracts. As to the county orders, there is full authority to issue them.

Section 27 requires that all bonds or orders so issued to be registered by the county treasurer, with the date, name and amount of each, and also the name of the person or persons in whose favor they are drawn. This wise provision of the law has not been complied with, owing to the fact as alleged that the bonds or orders were sold in a distant market, and the provision, so far as your committee are advised, been complied with; but interest has been paid on them, and a tax for the payment of interest has been levied and collected. None of these bonds or orders have been sold below par, and there is no claim that the holders are not bona fide holders for value. This is the only defect which has been brought to the notice of your committee. It has been alleged that there were some defects in the records, but if they exist their character is unknown to your committee.

Your committee are of the opinion that the county, at the end of an expensive litigation, which, while it would depreciate the value of the bonds or orders yet remaining to be sold, would not result in any benefit to the county. It has also been deemed advisable by nearly all of the citizens of that county who have appeared before us or have been represented, that inasmuch as the work has progressed so far, it is now best to proceed with it to completion, and as great loss would be sustained if matters are left as they now are. Your committee therefore recommend the passage of Senate bill, No. 676.

The expense of the building, with grounds and jail, definitely as your committee could ascertain, is as follows:

Bonds sold under special act.....	\$49,000
Orders sold under general law.....	450,000

In all .....	\$499,000
Collected on tax .....	38,000

Total bonds, orders and cash.....	\$537,000
-----------------------------------	-----------

Of these, there has been taken up:

Orders .....	\$37,000
Issued to pay interest.....	30,000
Cash on hand .....	8,000

	\$65,000
--	----------

Leaving outstanding and unprovided for.....	472,000
---	---------

Or, less cash on hand .....	480,000
-----------------------------	---------

There are now outstanding contracts as follows:

For roof and dome.....	\$125,115
For plastering, at 53 cents per yard .....	6,000
For fence and sidewalks.....	30,000

	\$161,115
--	-----------

Total paid with interest.....	529,000
-------------------------------	---------

Total cost after completion of contracts.....	\$690,115
---	-----------

Which said sum includes grounds and jail.

Total county debt on completion of contracts, less orders paid and exclusive of interest, \$683,115.

The contracts for furnishing the court rooms and county offices ready for occupancy, are not let, and your committee are not advised as to the probable cost, but this will be a necessary expense to make the building available.

With regard to taxes, we feel that the court is authorized to levy five mills under the special act, and one per cent. under the general law, and that in respect to levying taxes the court has not exceeded its authority.

And so far as any charge of a misuse of the funds is concerned, there has not been anything brought to light, and the personal integrity of the officers has not been assailed.

The causes of the distrust of the people appeared to result from the fact that it was originally given out that the building should not exceed in cost \$200,000, without advising them when the plans were changed from brick and wood to iron and stone, of the vast increase in cost, and to the fact of appointing themselves county agents. So that the same persons adopted the plans, made the contracts, made the orders to pay them, issued the bonds and orders, sealed them, audited and paid all bills, including their own. In view of these things, the people became alarmed for the consequences to the county.

Your committee are of the opinion that this state of affairs should not continue, and therefore recommend the passage of House bill, No. 768, with the modifications made thereto.

The passage of these two bills will enable the county to dispose of its orders without loss, and to have the necessary checks between the commissioners or agents and the court.

Your committee concur with the citizens in their opinion that the court house is altogether too expensive, and is now too far advanced to arrest its completion.

In view of the desire of the citizens of said county to save what has been expended, by completing the building, your committee are of the opinion that these two bills will afford the best relief to the citizens of Macoupin county, that the General Assembly can now give them.

All of which is respectfully submitted.

SPRINGFIELD, March 3, 1869.

EXECUTIVE DEPARTMENT, }  
SPRINGFIELD, ILL., March 5, 1869. }

*To the Honorable Speaker of the House of Representatives :*

I have the honor to communicate to both branches of the General Assembly a copy of the resolution of Congress, proposing to the Legislatures of the several States a Fifteenth Article to the Constitution of the United States.

I deem it unnecessary, while performing this act of official duty, to do more than express my own earnest hope that the General Assembly will at once give voice to the ardent wishes of the people, in expressing the concurrence of the State of Illinois in this crowning act of justice and statesmanship. Illinois owes much of its prosperity and greatness to the ordinance of 1787, which, in addition to the exclusion of slavery from the territory northwest of the Ohio, took its place in history by the side of the Declaration of Independence as the protest of Mr. Jefferson, and his contemporary patriots, against human slavery; and the State which led in the political contest of 1860, which gave to freedom its first victory, and which was the home and now lovingly shelters in her bosom all that was mortal of the Great Martyr, will not hesitate a moment to assent to this measure of justice, which closes the greatest and noblest struggle the history of the world has known, and will make "Liberty and Union one and inseparable, now and forever."

JOHN M. PALMER.

[Concurrent Resolution received at Department of State, February 27, 1869.]

A RESOLUTION proposing an amendment to the Constitution of the United States.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled (two-thirds of both houses concurring),* That the following Article be proposed to the Legislatures of the several States, as an amendment to the Constitution of the United States, which, when ratified by three-fourths of said Legislatures, shall be valid as part of the Constitution, namely :

## ARTICLE XV.

"SECTION 1. The right of citizens of the United States to vote shall not be denied or abridged, by the United States or by any State, on account of race, color, or previous condition of servitude.

"SECTION 2. The Congress shall have power to enforce this Article by appropriate legislation."

SCHUYLER COLFAX,

*Speaker of the House of Representatives.*

B. F. WADE,

*President of the Senate, pro tempore.*

Attest:

EDWIN MCPHERSON,  
*Clerk of House of Representatives.*

GEO. C. GORHAM,  
*Secretary of Senate, U. S.*

[Copy.]

UNITED STATES OF AMERICA, DEPARTMENT OF STATE.

*To all whom these presents shall come—greeting :*

I verify that annexed is a true copy of a concurrent resolution of Congress entitled "A resolution proposing an amendment to the Constitution of the United States," the original of which resolution, received to-day, is on file in this Department.

In testimony whereof, I, WILLIAM H. SEWARD, Secretary of State of the United States, have hereto subscribed my name, and caused the seal of the Department of the State to be affixed.

Done at the city of Washington, this twenty-seventh day of February, A. D. 1869, and of the independence of the United States of America the ninety-third.

[Signed]

WILLIAM H. SEWARD.

A message from the Senate, by Mr. Boggs:

Mr. Speaker: I am directed to inform the House of Representatives that the Senate has adopted the following resolutions, viz:

WHEREAS the Congress of the United States has proposed the following, as the XVth Amendment to the Federal Constitution, viz:

"SECTION 1. The right of citizens of the United States to vote shall not be denied or abridged, by the United States or by any State, on account of race, color, or previous condition of servitude.

"SECTION 2. The Congress shall have power to enforce this Article by appropriate legislation."

Therefore,

*Resolved by the Senate, the House of Representatives concurring herein,* That the State of Illinois, by its legislature, ratifies and consents to said amendments.

In the adoption of which I am instructed to ask the concurrence of the House of Representatives.

On motion of Mr. Taylor,

The rule was dispensed with for the purpose of taking up Senate messages.

Mr. Reynolds gave notice of a motion to reconsider the vote by which House bill, No. 1528, was passed.

Mr. Bailey moved to take up the Senate message relative to the constitutional amendment, and to concur therein.

Mr. Woodson submitted the following substitute to the message:

WHEREAS the Congress of the United States has proposed to the several States the following amendment to the Constitution of the United States:

#### ARTICLE XV.

"SECTION 1. The right of the citizens of the United States to vote shall not be denied, by the United States or by any State, on account of race, color, or previous condition of servitude."

"SECTION 2. That Congress shall have power to enforce this Article by appropriate legislation."

And, whereas, the General Assembly are not sufficiently advised of the sense of the people of this State, in respect to the said proposed amendment, to justify the present ratification thereof; therefore,

*Be it resolved by the House of Representatives, the Senate concurring herein,* That the legal voters of this State shall, at an election to be held on the second day of November, A.D. 1869, as provided by "An act to provide for calling a Convention to revise, alter or amend the Constitution of the State of Illinois," approved February 25, A.D. 1869, vote for or against the ratification thereof, in order that the next General Assembly may act upon the subject in accordance with the will of the people.

*Resolved, further,* That the clerks and other officers, whose duty it may be to give notice of the election for members to said Constitutional Convention, also give notice of the vote on the ratification of said Article Fifteen. The electors voting at such election shall have written or printed upon their tickets, "For ratification" or "Against ratification," and the said votes shall be canvassed and returned in the manner provided for the return and canvass of votes given for delegates to said Constitutional Convention.

*Resolved,* That the votes cast for and against the ratification of said Article Fifteen shall be certified, by the proper officers, to the Secretary of State, to be by him preserved in his office until the next session of the General Assembly—to which it shall be his duty to report the same for its action, in accordance with the will of the people.

Mr. Bond, from the committee on judiciary, to whom was referred House bill, No. 1453, for "An act to incorporate the Chicago South Branch of South Branch Canal Company," reported the same back, with a substitute therefor of same title, and recommended the passage of the substitute.

Mr. Parker, from the same committee, submitted the following as a minority report on said bill and substitute:

A minority of your committee to whom was referred House bill, No. 1453, beg leave to submit the following facts and conclusions of law in reference thereto :

The bill in question proposes to incorporate a company in the city of Chicago for the purposes of excavating a canal from a point in the south branch of the Chicago river, where a slough (styled the Healy Slough) enters it, and following said slough to its head at or near Lyman street, in said city ; thence by a route to be selected, to re-enter the south branch of the Chicago river, at a point about a mile and a half above the mouth of the slough.

The canal purposed is a mile and a half in length, and is to be one hundred feet in width, and fifteen feet deep, and power is given by the bill to condemn, under the laws of this State, all lands which may be necessary for the purpose of constructing the same.

The corporators propose to construct this canal at their own expense, and a provision is inserted in the bill that no tolls shall be charged for the use of the same.

The following facts were placed before your committee in reference to this bill :

The line of the purposed canal is crossed about three hundred feet from the mouth of the Healy slough, by the railroad of the Chicago and Alton Railroad Company. It was in evidence before your committee, that the railroad company, about twelve years ago, procured this right of way under the terms of a contract made with the owner of the land ; this contract provided that the company should construct and maintain, on the land granted for right of way, two swing or draw bridges, one of which should be located at the point where the road crossed the Healy slough ; and the other a slip or dock, distance about four hundred feet west. The latter bridge is now maintained and operated by the railroad company. The company, however, finding it difficult to operate its road with two draw bridges in such close proximity, about four years ago paid to the owner of the land a consideration for the release of any obligation on its part to keep and maintain a swing or draw bridge over the Healy slough.

The railroad company, therefore, own the bed of the Healy slough at the place where its road crosses the same, free from any obligation to maintain a swing bridge, and have built a permanent trestle bridge at that point.

It was in evidence, before your committee, that the traffic of the railroad at the crossing of the canal proposed in the bill, is enormous. Not only is the railroad track used by the regular trains of the company, but every railroad which centers in the city of Chicago uses this track for the purpose of interchanging its cars and receiving freight at different points in the city. So great is the traffic of the company here, that during the day time an engine passes this point every ten minutes ; that the interruption to this traffic occasioned by the maintenance of a draw bridge (which would be a necessity if the proposed canal is dug) would be very serious, inasmuch as the use of the canal (as the testimony shows) would necessitate the swinging of the draw-bridge during the season of navigation, at least once every half hour during the day. It was further in evidence before your committee that this inconvenience and interruption of the business and traffic of the company would be very greatly increased because of the existence of the draw bridge four hundred feet west of the proposed canal, which said draw bridge the railroad company is bound to maintain by the contract for right of way already mentioned.

It was also in evidence before your committee that the land at the mouth of the Healy slough, and below the railroad is owned by private individuals, who have excavated a dock for their own private use at that point, and on one side have erected large and valuable packing houses ; that these parties have made contracts with the railroad company for the placing of side tracks upon their property for the use of their packing houses and docks, and that this property would be very seriously damaged by the construction of the proposed canal, which, if excavated to the width proposed in the bill, would necessitate the removal of the packing house now standing within six feet of the private slip above mentioned.

It was further shown to your committee that the slip or dock so constructed by the owners of the mouth of the Healy slough is but seventy feet wide, and that it cannot be enlarged, as proposed in this bill, without destroying the packing house

above mentioned; that but two vessels can lie abreast in said dock leaving only a space of about ten feet between them, and that the opening of the proposed canal would utterly and entirely destroy the value of said slip, and very greatly diminish the value of the adjoining property.

The Healy slough, along which the proposed canal is to be excavated by the corporators named in this bill, is a small rivulet or stream of semi-stagnant water. Its head is within a mile of its mouth, and the amount of water in it varies in depth from one inch, in dry weather, to four feet in time of freshet.

The corporators in the bill named are all owners of real estate lying along the banks of this slough, and it was admitted by those who represented them before your committee, that the value of this real estate would be largely increased by the excavation of the proposed canal, and that this expectation of increase in the value of their real estate was the principal inducement for the construction of the same.

It was also shown to your committee that the owners of property along the line of the Healy slough had from time to time erected slaughter houses upon its banks, and that the offal and filth from those establishments having been thrown into the stagnant waters of the slough had become offensive to the persons living in the vicinity; that some of the parties who own this property along the line of the proposed canal are even now engaged in the business of slaughtering and still contributing to the increase and continuance of the nuisance complained of. It was shown to your committee that the board of health of the city of Chicago had given notification to the parties who created this nuisance, and are now continuing the same to abate it within nine months from the date of the notice, and that the board of health have ample powers to enforce this order without any necessity for further legislation.

It was further shown to your committee that the expense of moving this nuisance would be greatly diminished by the construction of this canal, and that the parties who caused the same would be relieved from the cost and trouble occasioned by the proposed action of the board of health, and we are of the opinion that they, having been the persons who inflicted the injury, should be compelled to remedy it without taking private property for that purpose.

It was further shown to your committee that the Chicago river is a navigable stream from the mouth of the Healy slough to the point where the proposed canal re-enters the river above; that along the banks of the river is dockage amply sufficient for the present wants of the public, and that the proposed canal is not required by public necessity, or even by any consideration of public convenience; that the river being navigable, as above stated, between the points where the canal enters the same, affords ample opportunity for the passage of vessels between these two points. It was also in evidence before your committee that the proposed canal, if constructed, will cut off entirely that portion of the city lying between the canal and the Chicago river, which portion of the city is thickly settled by persons not in affluent circumstances, and whose ordinary avocations would suffer serious interruption from the necessity of crossing draw bridges to be erected over the canal, on the one side, and the south branch of the Chicago river on the other; that every bridge over the proposed canal would of necessity impede intercourse between the island created by this canal and other parts of the city; and that the proposed canal would, in this regard, be no benefit to the public.

Your committee had it further in evidence that the proposed canal crosses a number of streets in the city of Chicago, and that its excavation would necessitate the construction and maintenance of swing bridges over every street whose traffic is great enough to demand it; and your committee finds in this bill no provision to secure the city of Chicago against the possibility of having to maintain and operate these bridges, in case the company to be incorporated by this bill should fail or be unable itself to maintain and operate the same.

In view of these facts, above set forth, the undersigned, a minority of your committee, are constrained to dissent from the report made from the majority of the committee, recommending the passage of this bill. We are of the opinion that the facts adduced show conclusively, that the purpose of the proposed corporation is purely private speculation, to increase the value of the property lying along the banks of the Healy slough; that the public necessity does not imperatively demand the construction of this canal; that no such exigency exists, either in regard

to public convenience or public necessity, which requires the grant by the State of the right to condemn private property for the purposes of this canal. We are of the opinion, looking into all the facts adduced before the committee, that the real object of this bill is to enable the corporators, and others owning property along the line of the proposed canal, to increase the value of their land by digging it; that this is the object, and the sole object, of the corporators, is shown by the fact disclosed in the bill itself that they purpose to expend a large sum of money in the execution of their project, and to receive no tolls for the use of the canal. So far as the corporators themselves are concerned, there seems to be no doubt that the purpose and object of the proposed work is private speculation. Neither is the canal necessary for purposes of public traffic; the Chicago river already exists, offering a navigable stream, with dockage, for the whole length of the proposed canal, and within one-third of a mile of the same at its most distant point. We believe that the construction of the proposed canal would interfere so seriously with the operation of the railway company as materially and permanently to injure and diminish the value of a franchise already granted by the State, and that this injury will be a constantly necessary one, as the traffic of the railroad increases; that in no case should the right of eminent domain be granted for purposes of private speculation or gain; that the grant of this power, for the purposes proposed in this bill would be an act of oppression and injustice to the railroad company, which is bound by its charter to operate its road, and which has already paid for and acquired the right to the property over which this canal must necessarily pass; that it would certainly operate hardly against the owners of property at the mouth of the Healy slough, by compelling them to submit to an arbitrary condemnation of their estate when no consideration of public necessity or convenience demands it, simply to increase the wealth of parties seeking this legislation; that the construction of the proposed canal would be an act of injustice to persons living between it and the river, by cutting them off on both sides from easy access to other parts of the city, and placing them on an island; that it would be an act of injustice to the city of Chicago, inasmuch as it does not secure the city from the possibility of being compelled, in case the corporation fails to do so, to maintain and operate draw bridges over its streets. Finally, this work is not necessary as a sanitary measure, since the board of health of the city of Chicago have ample power, which they are already about to exercise, to compel the parties who created this nuisance, and are now contributing to increase and continue it, to abate the same.

For these reasons we are compelled to dissent from the majority of your committee, who recommend the passage of this bill. The bill has already been referred to the committee of this house on canals, and that committee, having given the matter a careful and thorough investigation, reported the bill to the house, with a recommendation that the enacting clause of the same be stricken out. Concurring with that committee in the conclusion to which they arrived, we, a minority of the judiciary committee, do recommend that this bill and substitute be laid upon the table until the fourth day of July next.

EDWARD LANING,  
J. T. ROSS.
